**Till:** Asian Registry **Ämne:** Reminder

www.DOMÄNNAMN.asia is still unregistered.

You risk loosing the rights to this domain name if you don't register it as soon as possible.

Click here to register www.DOMÄNNAMN.asia immediately or visit www.dotasia-domains.org

This is the last and only reminder we send you to register the above domain name.

.asia is a new domain name that is now open for registration. If you do not register your .asia domain name now, it will be available for registration by anyone. This is why it is important to register the domain names you are using today but with the .asia ending.

If you choose to proceed with a registration the domain name will be automatically redirected to your current homepage.

You can also register more than one domainname at a time.
