Domain renewal

Domain names are registered for a fixed period ranging from 1 year to 10 years depending on the extension. When a domain is about to expire, you will be offered the opportunity to renew. The renewal reminder will be sent to you by email before the expiry date. To check your expiry date you look at your whois information.

Note: Your domain name is at risk if you do not renew before the renewal date.

If you wish to renew your domains please can click on this link www.domainrenewal-online.com/renew

Renew domain:

Domains could be lost if they are not renewed in time. Your domain name can become free for registration if you do not renew it in time. This means that anybody can register your domain name if you do not renew it before expiry date. Moreover you homepage will cease to exist and your risk for your e-mail addresses to stop working.

We remind companies that their domain name is about to expire. To renew your domain click on this link» www.domainrenewal-online.com/renew before it expires. Your domain is your identity on the Internet.

Some companies use several domain names which are linked to the same homepage. This enables your customers and suppliers easier find you on the net.

Do you want to keep your homepage, »»»» Renew your domain in time...

Domain Renewal offer you as a third party to renew your domain direct at your ISP/ internet service provider with our renewal system/ DRS to avoid domain loss due to mishandling of expire date.

It is not uncommon for companies to have purchased their domains with different suppliers which makes it even harder to keep track of their domain portfolio. DRS will find and renew your domains for you. We make agreements with ISP all over the world to renew our customer's domain names.

How does it work?

- **Step 1.** We receive your order to renew your domain.
- **Step 2.** We interact with your Internet Service Provider/ ISP to renew your domain name. In cases your ISP requires your login information we will contact you by mail and you will have to provide us with login information so we can preform a renewal. Note! No other changes on your account will be made.
- **Step 3.** You receive a confirmation that your domain has successfully been renewed and you can see your new expire date on www.whois.com

We advise you to renew your domain as soon as possible to avoid domain lock that requires manual reactivation.

Please contact us for an offer by sending an e-mail to partner@domainrenewal-online.com
